Grafdoe is the one-stop solution for Bathware and Kitchenware Products

VMS Bathware Pvt. Ltd., under the brand name Grafdoe, is a one-stop solution for bathware, sanitary ware, kitchenware products, and accessories suiting to a variety of Art Lovers and all Budgets for their representation of Love to enhance the beauty of their Home. The company's long-term vision is to become India's leading bathware and kitchenware products manufacturer and exporting our products to different nations as a symbol of trust. Their products are aesthetically designed which highly attracts customers. They ensure affordable products with superior quality at the same time. "Currently, the nation and the world are struggling with lockdown state, so our motto is to contribute to curbing the pandemic. We are designing sensor-based products which ensure contactless functioning resulting in complete hygiene. The core belief of the GRAFDOER team is to ensure customer satisfaction. With a belief that "Customer satisfaction is our topmost priority", we try our level best to serve the topmost quality of products and after-sales services to our customers, says Vinay Jain, Founder & CEO, Grafdoe.

The company's product range consists of bathware, sanitary ware, kitchen wares, and accessories which will turn out your space into an aesthetically appealing piece of art. The products are truly a day-to-day necessity with a trust of quality. Grafdoe's USP is manufacturing the premium quality of products with a pinch of artwork and affordable at the same time. Evolution is the inherited factor of humanity. Similarly, they have learned and changed themselves a lot in the last 18 years. They have not pivoted from our initial product; we have just upgraded with the same.

About Vinay Jain

Vinay Jain is a dynamic and highly passionate first-generation entrepreneur. As the Founder & CEO of Grafdoe, he directs and aligns the company's operations and strategic objectives in line with the short and long-term business goals. After passing out of college Mr. Vinay Jain came to Delhi to explore business ideas instead of joining his family

Vinay Jain Founder & CEO,
Grafdoe VMS Bathware Pvt. Ltd.

"The products are truly a day-to-day necessity with a trust of quality. Grafdoe's USP is manufacturing the premium quality of products with a pinch of artwork and affordable at the same time. Evolution is the inherited factor of humanity. Similarly, they have learned and changed themselves a lot in the last 18 years."

business in Rajasthan. After a lot of contemplation, he started a trading business of a leading Bath Fittings manufacturer in Chawri Bazar. Somewhere inside his heart, he was not happy with the quality and consistency of the products that he was trading. He always had a dream to establish his factory to produce high-quality products. Incidentally, after 4-5 years of trading, that time to fulfill his dream came knocking his way, when one of the suppliers/manufacturers of that Bath Fitting brand decided to wrap up his factory. After studying the production unit, he encashed this opportunity immediately and gradually set up his own production unit. Gradually this unit based out of Mayapuri was expanded till the end of 2019. He has recently pursued the Senior Management Program from IIM Calcutta, held in 2019-2020.

He came to Delhi with only 2-3 lacs to start trading business and with sheer hard work he grew his business. In order to take over the sick unit, he stuck an innovative deal with that as when he will start earning by making this sick unit into a profitable one, he will repay in installments. That deal went as a win-win for both parties and hence, the journey to fulfill his dream began.

Overcoming Challenges

One of the biggest challenges faced by Vinay was the lack of knowledge to run the production unit - from the know-how of machines to the raw material, suppliers, and handling labor which was the key element for creating a benchmark for Quality. His lack of knowledge was overcome by working as a worker on the production floor and learning from production employees. He believes that knowledge can be acquired by the zeal to gain it.

"One of the proudest moments for us was that we have curated a vast range of products in a very short span of time ranging from affordable products to the luxury high-end products," he says. The company has achieved success in introducing an elite class and affordable range of products that weren't available in the market earlier. The company has built a team of honest, dedicated, and dynamic employees. They have 1000 dealers across India and Nepal.

Future Endeavors

Vinay believes in bringing innovative and durable products that are Made in India and suitable for every home. "For us, it is one continuous journey,

"One of the proudest moments for us was that we have curated a vast range of products in a very short span of time ranging from affordable products to the luxury high-end products," he says. The company has achieved success in introducing an elite class and affordable range of products that weren't available in the market earlier. The company has built a team of honest, dedicated, and dynamic employees. They have 1000 dealers across India and Nepal.

where we have overcome many hurdles and now strive to become a 100 Cr turnover company," he asserts. The company plans to launch a new brand called "AKUJAVI".

He concludes by giving advice to the budding entrepreneurs that "Opportunity never comes by itself, opportunities have to be found. And in this dynamic age up-scaling is a must, so keep yourself with time." ■

COIN-OPEN STYLE AERATOR

1. Coin-Open design, easy for installation and cleaning.
2. With coin-open tools, easy for installation and cleaning at any time.

EMBEDDED AERATOR WITH DIRECTION

1. Thin shape and embedded installation design makes our faucets more elegant & practical.
2. Honeycomb style aerator reduce scale-forming. Good water flow effect under strict flow Condition.
3. Good protection to aerator with embedded installation design, not easy damaged.
4. Easy adjustment of flow direction on aerator.
5. Special tool for easy installation and cleaning.

HONEYCOMB STYLE AERATOR

1. Distinguished from common metal filter design, better prevention of scale & longer lifespan.
2. Perfect water flow under variety flow condition.
3. Low Noise.
4. Anti-impurity filter device embedded.
5. Plentiful bubble, comfortable bathing.

MRP ₹ 32/-

SPECIFICATION

Width	12mm (½")
Thickness	0.1mm
Length	10m
Density	50g/cm³
Composition	100% PTFE
Temperature Range	-190°C to 208° C
Tensile Strength	8N/mm²
Elongation	50% min
Pressure Resistance	up to 30Bar (2.0 MPA)
Chemical Resistance	PH:0-14

FLUSHING SYSTEMS

CONCEALED FLUSH TANK

Less is more. This is the well liked rule when it comes to architecture and interior designing. And that is exactly what a concealed tank toilet does to your bathroom.

Grafdoer offer you a complete solution for concealed Flush tank with a range of designer and high quality flush plates. it gives a spacious and beautiful look to your bathroom and keep clean and hygienic all the times.

ADVANTAGES

Easy to install and maintain : GRAFDOER floor standing frames with concealed cisterns not only provide the benefits of easy, quick and perfect installation but also allow you to choose contemporary wall mounted sanitaryware of your choice for the bathroom.

Perfect Pan Cleaning : Heavy and even water discharge during every flush at every water pressure.

Save Water: Impressive Dual Flush with a provision of 3/6 ltr flush (can be adjusted to 2/4 ltrs)

Less Noise : Technically advanced, silent flush valve and fast filling hydraulic float valve minimises the flushing sound during usage.

No Damage from Condensation : Has anti-condensation lining wrapping the tank and supply bend to protect damage from masonry condensation (only in N-MATIC)

Features

Easy Installation

Easy and hassle free installation as no chiselling of wall is required.

Wide Compatibility of WC

Accommodates different types of wall hung WCs as holes are provided at different heights.

Load Bearing Capacity

Wall hung WC can be bolted simply and securely to the frame, which can take a load of up to 400kg.

Perfect Easy Alignment

Fixed inlet and outlet distance (135 mm from centre to centre) means perfect installation of WC, as pre-defined space for cistern results in perfect flushing every time.

Adjustable Height

Adjustable legs (0-200mm) to allow for variation in heights of WC, as required.
